## DETAILED ACTION

### *Election/Restrictions*

1. The response to the argument about the restriction requirement has been described in the Office Action mailed 9/19/2006. The restriction requirement was derived by the Applicant's disagreement about the obvious variation in the species of Office Action mailed 11/30/2005. Therefore, it creates serious burden to the Examiner to search different species. Examiner maintains that the restriction requirement is proper.
2. Claims 1,16,24,29 and 33 are allowable. The restriction requirement among species, as set forth in the Office action mailed on 6/1/2006, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 5,6,11 and 12, directed to species no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim. However, claim 27, directed to species II has been withdrawn from consideration because it does not require all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Art Unit: 3744

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

3. This application is in condition for allowance except for the presence of claim 27 directed to an invention non-elected with traverse in the reply filed on 6/30/2006. Applicant is given TWO MONTH or SIXTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as ABANDONMENT.

The prosecution of this case is closed except for consideration of the above matter.

#### ***Conclusion***

4. This application is in condition for allowance except for the following formal matters:  
Claim 27 described above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
